

**SC- BREAST & CERVICAL CANCER EARLY DETECTION PROGRAM - BEST CHANCE NETWORK
PROGRAM YEAR 19 LABORATORY FEE FOR SERVICE SCHEDULE**

| CONTRACTUAL SERVICES 06/30/2009 to 06/29/2010 | CPT CODES | ALLOWABLE CHARGES |
|---|-----------------------------------|----------------------|
| LABORATORY SERVICES (TYPE 5) | | |
| • Papillomavirus, human, direct probe technique** | 87621 | 51.25 |
| • Cytopathology, cervical, requiring interpretation by a physician*** | 88141 | 25.60 |
| • Cytopathology, cervical, collected in preservative fluid, automated thin layer preparation, manual screening | 88142 | 29.58 |
| • Cytopathology, slides, cervical; manual screening under physician supervision | 88150 | 15.42 |
| | 88152 | 15.42 |
| | 88164 | 15.42 |
| • Cytopathology, evaluation of fine needle aspirate; immediate cytohistologic | 88172 | 48.42 |
| | Technical Component 88172TC | 19.93 |
| | Professional Component 8817226 | 28.49 |
| • Fine needle aspirate, interpretation and report | 88173 | 122.82 |
| | Technical Component 88173TC | 57.18 |
| | Professional Component 8817326 | 65.64 |
| • Cytopathology, cervical, collected in preservative fluid, automated thin layer preparation, automated & manual screening**** | 88175 | 29.58 |
| • Cervical biopsy – level IV surgical pathology, gross & microscopic examination | 88305 | 95.49 |
| | Technical Component 88305TC | 59.79 |
| | Professional Component 8830526 | 35.70 |
| • Endocervical curettage - level IV surgical pathology, gross & microscopic examination | 88305 | 95.49 |
| | Technical Component 88305TC | 59.79 |
| | Professional Component 8830526 | 35.70 |
| • Endometrium curettings/biopsy - level IV surgical pathology, gross & microscopic examination | 88305 | 95.49 |
| | Technical Component 88305TC | 59.79 |
| | Professional Component 8830526 | 35.70 |
| • Breast biopsy - level IV surgical pathology, gross & microscopic examination (not requiring microscopic evaluation of surgical margins) | 88305 | 95.49 |
| | Technical Component 88305TC | 59.79 |
| | Professional Component 8830526 | 35.70 |
| • <u>Breast biopsy only, excision of lesion</u> - level V (see note below) surgical pathology, gross & microscopic examination (requiring microscopic evaluation of surgical margins) | 88307 | 95.49 |
| | Technical Component 88307TC | 59.79 |
| | Professional Component 8830726 | 35.70 |

****High Risk Typing Only – To be used only for management of ASC-US Pap tests, and one year follow-up for LSIL Pap Tests as recommended by the ASCCP consensus guidelines.**

*****This code is only to be billed on abnormal Pap smear results including ASC-US or above.**

******Centers for Disease Control (CDC) Guidelines only allow for payment of the allowable charge for CPT code 88141 for CPT code 88175.**

Payment for CPT code 88307 will only be made on excision of a breast lesion for diagnosis at the rate of a level IV biopsy.
